 3. Cut along the drawn line to create (2) A/C HST units.
- Repeat to create (48) A/C HST units.

5. Trim all (72) HST units to 3-1/2in square.

6. Sew the following HSTs & 3-1/2in squares together in (3) rows of (3):

- Row 1 - Fabric C square + A/C HST + B/C HST
- Row 2 - A/C HST + Fabric B square + A/C HST
- Row 3 - B/C HST + A/C HST + Fabric C square

7. Sew the (3) rows together to form the 9-square block. Repeat to make (12) blocks.
- Each block measures 9-1/2in square.

SEWING THE TOP

8. Referring to the diagram below, sew one block from top row to one block from bottom row, as shown, making sure to align all seams. Note the orientation of the blocks – they should alternate direction.

9. Sew all columns together from left to right, as shown, making sure to align all seams. This completes the table runner's top.

FINISHING

10. Following your preferred method, use the Fabric D Strips to make the binding.

11. Layer the table runner top, batting and backing. Baste and quilt as desired, and trim the excess backing and batting. Bind with the binding created in step 10.
